## Bartender of the Month Mike Kupka Pierre's Green Flash Lounge

The Coconut Telegraph has known Mike Kupka for years. We originally met him when he was the manager of the Pilot House and in charge of rebuilding it. He did a beautiful job and got the project done ahead of time, which is almost unheard of in the Keys.

Mike has been in the Keys for 10 years. He tells us "The Green Flash Lounge is definitely my favorite of all the other bars I've worked. It is the most beautiful bar in the Keys. The clientele is exceptional. The owner is a nice guy and a class act. We have the oldest staff in the Keys, everyone has been here a long time and they are all a very experienced group of people".

Mike says, "I really enjoy making our signature martinis." His favorites are

the Strawberry Martini, the Cantaloupe Martini and the Keyzy Martini". The customers are amazed at Mike's ability to pick out a special drink for them, he

just has a knack for it. So, if your mind goes blank when you see the vast assortment of liquors and can't decide don't worry, Mike will hook you up with a tasty concoction.

Mike's pride and joy is his beautiful daughter Mackenzie who just turned 3. "She is the love of my life". Mike invites everyone to stop in the Green Flash Lounge, "It has a relaxing lounge atmosphere and is air conditioned, something much needed this time of year." He adds, "The best part is of course, the beautiful view, and you can't beat our Full Moon Parties!"

"I really enjoy making our signature martinis," says Mike Kupka

## Only in America...

- Can you get a pizza delivered to your house faster than an ambulance.
- Are there handicapped parking spaces in front of a skating rink.
- Do drugstores make the sick walk all the way to the back of the store to get their prescriptions while healthy people can buy cigarettes in the front.
- Do people order double cheeseburgers, large fries and a diet sode to drink.
- Do banks leave both doors to the vault open and then chain the pens to the counters.
- Do we leave cars worth thousands of dollars in the driveway and put our useless junk in the garage.
- Do we use answering machines to screen calls and then have call waiting so we won't miss a call from someone we didn't want to talk to in the first place.
- Do we buy hotdogs in packages of 10 and buns in packages of eight.
- Do we use the word "politics" to describe the process so well: Poli in Latin meaning "many" and "tics" meaning, "blood sucking creatures".
- Do they have drive-up ATM machines with Braille lettering.
