## High Urinals

A group of 3rd, 4th, and 5th graders, accompanied by two female teachers, went on a field trip to the local racetrack to see the horses.

When it was time to take the children to the bathroom, it was decided that the girls would go with one teacher and the boys would go with the other. The teacher assigned to the boys was waiting outside the men's room when one of the boys came out and told her that none of them could reach the urinal.

Having no choice, she went inside, helped the boys with their pants, and began hoisting the little boys up one by one, holding on to their 'wee-wees' to direct the flow away from their clothes.

As she lifted one, she couldn't help but notice that he was unusually well endowed. Trying not to show that she was staring the teacher said, 'You must be in the 5th grade.'

'No, ma'am', he replied. 'I'm riding Silver Arrow in the seventh race, but I appreciate your help.'

An old man calls his son and says, "Listen, your mother and I are getting divorced. Forty-five years of misery is enough."

"Dad, what are you talking about?" the son screams.

"We can't stand the sight of each other any longer," he says. "I'm sick of her face, and I'm sick of talking about this, so call your sister and tell her," and hangs up.

The son is worried. He calls his sister. She says, "Like hell they're getting divorced!" She calls their father immediately. "You're not getting divorced! Don't do another thing. The two of us are flying home tomorrow to talk about this. Until then, don't call a lawyer, don't file a paper. DO YOU HEAR ME?" She hangs up.

The old man turns to his wife and says, "Okay, they're both coming for Christmas and paying their own airfares."

A geneticist was working late one night, secretly perfecting his greatest project: a perfect clone of himself... an utter copy with no noticeable differences in personality or appearance.

Having finished his work, the geneticist took off for Maui and sent his clone to work. Within days, reports came back from his friends in the know of bizarre behavior from his doppelganger. The duplicate had cussed out the boss and his receptionist, groped all members of the research team male and female, used the Xerox to copy his genitalia -- sending the results to all the company's affiliates -- and concluded all handshakes by forcibly pressing the other's hand against the general area of his nipple, then simulating canine-fashion copulation while saying "nice to -meat- ya!"

The geneticist was horrified when he heard the news, and he immediately took the next plane back to the States. He confronted the clone in their twentieth-story office, and braving a three-minute uninterrupted litany of expletives, pushed the unreasonable double out the window, where he fell to his death.

The police arrived, and once the situation was explained, the geneticist laughed, disbelieving any statute covered the destruction of one's genetic clone.

After interviewing all concerned parties, the geneticist was arrested.

The charge?  
Making an obscene clone fall.

## Too Much Sex!

I couldn't help but over-hear two guys in their mid-twenties while sitting at a bar. One of the guys says to his buddy, "Man you look tired." His buddy says, "Dude I'm exhausted. My girlfriend and I have sex all the time. I just don't know what to do."

A fellow about my age (65), sitting a couple of stools down had also overheard the conversation. He looked over at the two young men and with the wisdom of years says, "Marry her. That'll put a stop to that crap".

A woman found out her dog could hardly hear so she took it to the veterinarian. He found that the problem was hair in its ears. He cleaned both ears and the dog could hear fine.

The vet then told the woman if she wanted to keep this from recurring she should go to the store and get some cream hair remover and rub it in the dog's ears once a month.

The lady goes to the drug store and gets some hair remover.

At the register the druggist tells her, "If you're going to use this under your arms, don't use deodorant for a few days."

The lady says, "I'm not using it under my arms."

The druggist says, "Well, if you're using it on your legs, don't shave for a couple of days."

The lady says, "I'm not using it on my legs either. If you must know, I'm using it on my schnauzer."

The druggist says, "Oh! Well then, stay off your bicycle for at least a week."

*Thanks to Thad Bowling*

## Rest Your Mind

I know you have been lying awake at night wondering why baby diapers have brand names such as "Luvs," "Huggies," and "Pampers," while undergarments for old people are called "Depends."

Well here is the low down on the whole thing.

When babies crap in their pants, people are still gonna Luv'em, Hug'em and Pamper' em. When old people crap in their pants, it "Depends" on who's in the will!

Glad I got that straightened out.
