The year 2020 has been a rough one with the Covid 19 virus affecting our health and livelihoods. Many of our local small businesses barely survived. These are the same businesses that generously donate their products to fundraisers that benefit locals. Now is the time to give back - stop in and make a purchase whether it is a gift card for a friend or for yourself, it is an investment in the Keys that we all know and love.

If you are feeling funky or have been exposed to the virus get yourself tested, it's easy as pie! Make an appointment at CVS in Key Largo. When it is time go through the drive thru and the pharmacist will assist you. It only takes a few minutes and is 100% painless, you won't feel the slightest bit uncomfortable! In 2 to 3 days you will get your results on your phone by text or on your computer. For more info call 305-451-3261.

COVID SELF TEST

A new and easy self test for the horror of Covid 19 is doing the rounds and it's simple, quick and positive (or negative if you see what I mean).

Take a glass and pour a decent dram of your favorite whisky into it; then see if you can smell it. If you can, then you are halfway there.

Drink it. If you can taste it then it is reasonable to assume you are currently free of the virus because the loss of the sense of smell and taste is a common symptom.

I tested myself 7 times last night and was virus free every time thank goodness.

I will have to test myself again today because I have developed a throbbing headache which can also be one of the symptoms.
