Photographer Carol Ellis writes, "Mangroves line the shoreline of the Florida Keys. Once they surrounded virtually every inch of landmass here. Their existence is in peril as some regard their existence as an obstruction to a their view. I love the mangrove for their contribution to the health of our waters. This image is unique with its exposed weathered coral rocks. As the tourist asks: 'Where's the beach?'" Read more about Carol Ellis on page 5.

**REOPENING OCTOBER 1st**
