

WHY A SHIP IS CALLED SHE

A ship is called a she because there is always a great deal of bustle around her.

There is usually a gang of men about.

She has a waist and stays.

It takes a lot of paint to keep her good-looking.

It is not the initial expense that breaks you, it is the upkeep.

She can be all decked out.

It takes an experienced man to handle her correctly, and without a man at the helm, she is absolutely uncontrollable.

She shows her topsides, hides her bottom and, when coming into port, she always heads for the buoys.
