

Happy 93rd Birthday & Semi-Retirement Celebration

Dick Rutkowski

73 years with: Navy, Polar Operations, ESSA, NOAA, Hyperbarics International

Saturday | November 11, 2023
HISTORY OF DIVING MUSEUM, EVENT, CASH BAR
3:00-5:30 PM Florida Keys Elks Lodge Ballroom
92600 Overseas Hwy | Tavernier
Meet and greet with notable dive personnel, open to the diving community.

5:30-10:00 PM Florida Keys Elks Lodge Ballroom
92600 Overseas Hwy | Tavernier
Birthday and semi-retirement celebrations begin!
How did he do it? Join us for a wonderful evening of dinner, drinks and good cheers as speakers share the journey through 73 years of service in the diving community. Hear from the many scientists, friends, and explorers who helped along the way. Stay and enjoy an evening of music and dancing.
DINNER REGISTRATION 305 922 2919, OTHERS WELCOME
Register, Donate, Hyperbarics Event

SPF 50, long sleeve, fishing performance shirt in aluminum, blue mist or white.
Discount code "CONCH" for 10% off fishing shirts

FRED'S TILTON HILTON - DOWNTOWN CARD SOUND ROAD

On the back of the shirt is Carol's original image of Fred's Place - the "Tilton Hilton." The restaurant, complete with slanting dance floor, blue crabs and cold beer, was located on the curve just across the Monroe County line, in the historic fishing village of Downtown Card Sound.

The photograph, taken in 1988 is a reminder of the once thriving community of nonconformists, squatters, and fishermen, who made their living from the surrounding waters, mostly by selling blue crabs. In its peak during the late 50's, this area was home to 100 residents, some who had State issued leases for "fishing camps."

Hurricane destruction, along with the politics of environmental safety, ushered in clean-up crews and by 2010, just a few wooden docks, and Alabama Jacks remain in Downtown Card Sound.

FUELING
Tips on Pumping Gas from a Pro

I don't know what you guys are paying for gasoline.... My line of work has been in petroleum for about 31 years now, so here are some tricks to get more for your money for every gallon:

Here at the Kinder Morgan Pipeline where I work in San Jose, CA we deliver about 4 million gallons in a 24-hour period through the pipeline.. One day is diesel the next day is jet fuel, and gasoline, regular and premium grades. We have 34-storage tanks here with a total capacity of 16,800,000 gallons.

- Only fill up your car or truck in the early morning when the ground temperature is still cold. Remember that all service stations

have their storage tanks buried belowground. The colder the ground the denser the gasoline, when it gets warmer gasoline expands, so buying in the afternoon or in the evening... your gallon is not exactly a gallon. In the petroleum business, the specific gravity and the temperature of the gasoline, diesel and jet fuel, ethanol and other petroleum products play an important role.

A 1-degree rise in temperature is a big deal for this business. But the service stations do not have temperature compensation at the pumps.

- When you're filling up do not squeeze the trigger of the nozzle to a fast mode If

you look you will see that the trigger has three (3) stages: low, middle, and high. You should be pumping on low mode, thereby minimizing the vapors that are created while you are pumping. All hoses at the pump have a vapor return. If you are pumping on a fast rate, some of the liquid that goes to your tank becomes vapor. Those vapors are being sucked up and back into the underground storage tank so you're getting less worth for your money.

- One of the most important tips is to fill up when your gas tank is HALF FULL. The reason for this is the more gas you have in your tank the less air occupies its empty space. Gasoline

evaporates faster than you can imagine. Gasoline storage tanks have an internal floating roof. This roof serves as zero clearance between the gas and the atmosphere, so it minimizes the evaporation. Unlike service stations, here where I work, every truck that we load is temperature compensated so that every gallon is actually the exact amount

- A final reminder, if there is a gasoline truck pumping into the storage tanks when you stop to buy gas, DO NOT fill up; most likely the gasoline is being stirred up as the gas is being delivered, and you might pick up some of the dirt that normally settles on the bottom.

It's Kitten Season! Fix Those Felines!

Please help "fix" pet overpopulation by spaying and neutering your pets.

Free spay and neuter clinics at Key Largo Animal Shelter, normally every 2 weeks.

This program is privately funded by Humane Animal Care Coalition for Upper Keys residents.

Please call the shelter for details and appointments.

Open Monday to Friday 9am to 6pm and Saturday 9am to 5pm
Mile marker 106 Oceanside • phone 305-451-0088

MONROE ASSOCIATION FOR REMARCABLE CITIZENS, INC.

SERVING THE FLORIDA KEYS SINCE 1966

The MARC Thrift Shop in Tavernier is now open Wednesday thru Saturday from 9am to 3pm.
