Latest Results from Medical Study: Beer contains female hormones!

Last month, National University of Lesotho scientists released the results of a recent analysis that revealed the presence of female hormones in beer. Men should take a concerned look at their beer consumption.

The theory is that beer contains female hormones (hops contain phytoestrogens) and that by drinking enough beer, men turn into women. To test the theory; 100 men drank 8 pints of beer each within a one hour period. It was then observed that 100% of the test subjects:

- 1) Argued over nothing.
- 2) Refused to apologize when obviously wrong.
- 3) Gained weight
- 4) Talked excessively without making sense.
- 5) Became overly emotional.
- 6) Couldn't drive.
- 7) Failed to think rationally
- 8) Had to sit down while urinating.

No further testing was considered necessary.

Pissing and Moaning Can Solve a Problem

A South Carolina farm wife called the local phone company to report her telephone failed to ring when her friends called. And that on the few occasions when it did ring, her dog always moaned right before the phone rang.

The telephone repairman proceeded to the scene, curious to see this psychic dog or senile lady. He climbed a telephone pole, hooked in his test set and dialed the subscriber's house. The phone didn't ring right away, but then the dog moaned and the telephone began to ring. Climbing down from the pole, the telephone repairman found:

First, that the dog was tied to the telephone system's ground wire with a steel chain and collar. He discovered that the wire connection to the ground rod was loose. So the dog was receiving 90 volts of signaling current when the number was called. After a couple of jolts, the dog would start moaning and then urinate. The wet ground would complete the circuit, thus causing the phone to ring.

Which demonstrates that some problems CAN be fixed by pissing and moaning.

Pirate Humor

Courtesy of Video Dave

A pirate walks into a bar with his fly unzipped and a steering wheel down his pants. A few patrons give him funny looks as he approaches the bar.

After he orders a drink, the bartender asks him, "You know you have a steering wheel hanging from your package?"

"Ay", the pirate responds, "It's drivin' me nuts!"
