I went to the bathroom at a restaurant today and was extra careful.

I washed my hands, opened the door with my elbow, I raised the toilet seat with my foot, I switched on the water faucet with a tissue then opened the bathroom door to leave with my elbow and when I returned to my table I realized...

I forgot to pull up my pants.

I asked a barista why she was wearing a surgical mask.
She answered: "It's not a surgical mask; it's a cougar filter."

I kinda like wearing masks outside. Now I can talk to myself in peace

When she realizes her mistake, she looks at the flabbergasted teller and, without missing a beat, says, "Well that's just great... some asshole's got my pen."

Since she had so much more time to live, she figured she might as well make the most of it. After her last operation, she was released from the hospital. While crossing the street on her way home, she was killed by an ambulance.

Arriving in front of God, she demanded, "I thought you said I had another 33 years? Why didn't you pull me from out of the path of the ambulance?"

He replied, "I didn't recognize you!"
