Coco'Nut' Funnies

A drunken man staggers into a Catholic church and sits down in a confession box and says nothing.

The priest caught to attract his attention, but the man says nothing.

The priest knocks on the wall three times in an attempt to get the man to speak.

Finally, the drunk replies: "No use knockin' dude, there's no paper in this one either."

I made the mistake of telling my husband an early symptom of COVID is loss of smell. He's taken to passing gas in my vicinity & then when I react, informing me he is helpfully "performing a health check". He taught the children the technique. I may divorce him.

Told my wife I wanted to be cremated. She made me an appointment for Tuesday.

A man takes his wife to get tested for Coronavirus. Two days later, he gets a call from the lab.

Doctor: I'm sorry to inform you that your wife's test results were mixed up with another patient! We're not sure if she has COVID-19 or Alzheimer's disease.

Man: What am I supposed to do now? Doctor: Take her for long walk and leave her. If she finds her way back home, don't open the door.

Gonna ask my momma if that offer to slap me into next year is still on the table.

The boredom of self isolation... Did you know that if you rest one your testicles on top of an empty beer bottle and hold a flame at the base, eventually it gets sucked inside... If you've done this and know how to get it out, message me please... Urgently...

FOR THE SECOND PART OF THIS QUARANTINE DO WE HAVE TO STAY WITH THE SAME FAMILY OR THEY'RE GOING TO RELOCATE US? ASKING FOR A FRIEND

Just be careful because people are going crazy from being in lock down! Actually I've just been talking about this with the microwave and toaster while drinking coffee and all of us agreed that things are getting bad. The stove said things are heating up, but I didn't mention anything to the washing machine, as she puts a different spin on everything and certainly not to the fridge as he is acting cold and distant. Although the sewing machine had me in stitches, in the end the iron calmed me down as she said everything will be fine, no situation is too pressing.

If your new years resolution was to eat out less and spend less time in bars, you're killing it!

I'm so over being part of a major historical event right about now.

Day 7 at home and the dog is looking at me like, "See? This is why I chew the furniture."

In Mariners Hospital, a gentleman had made several attempts to get into the men's restroom, but it had always been occupied A nurse noticed his predicament.

Sir, she said "You may use the ladies room if you promise not to touch any of the buttons on the wall."

He did what he needed to, and as he sat there he noticed the buttons he had promised not to touch.

Each button was identified by letters: WW, WA, PP, and a red one labeled ATR.

Who would know if he touched them?

He couldn't resist.. He pushed WW. warm water was sprayed gently upon his bottom.

What a nice feeling, he thought. Men restrooms don't have nice things like this.

Anticipating greater pleasure, he pushed the WA button. Warm air replaced the warm water, gently drying his underside.

When this stopped, he pushed the PP button. A large powder puff caressed his bottom adding a fragile scent of spring flower to this unbelievable pleasure.. The ladies restroom was more than a restroom, it is tender loving pleasure.

When the powder puff completed its pleasure, he couldn't wait to push the ATR button which he knew would be supreme ecstasy.

Next thing he knew he opened his eyes, he was in a hospital bed, and a nurse was staring down at him.

"What happened?" he exclaimed. The last thing I remember was pushing the ATR button.

"The button ATR is an Automatic Tampon Remover. Your penis is under your pillow."
