

Coco'Nut' Funnies

Finally fixed that annoying sound in my car, I just opened the door and pushed him out.

"We identify the flag with almost everything we hold dear on earth, peace, security, liberty, our family, our friends, our home. ... But when we look at our flag and behold it emblazoned with all our rights we must remember that it is equally a symbol of our duties. Every glory that we associate with it is the result of duty done." — Calvin Coolidge

Kid: So Dad, why did Mom lock you out of the house?

Dad: She heard me on the phone with Uncle Steve talking about running errands.

Kid: So what did you guys do?

Dad: Steve went to get a used car, I went to the store to get some stuff to get paint off of furniture.

Kid: What's wrong with that?

Dad: Well all Mom heard was, "You go get the Escort, I'll get the stripper and we'll meet up at your place."

One great thing about the Florida heat is that you can guarantee that no one is waiting in your back seat to kill you.

Okay, I came up with a new dating app idea. You match with people who are on the same meds as you. We'll call it "Relationscripts"

A dog and a cat are arguing who is the favorite of humans.

The dog says, "Humans like us more. They have even named a tooth (canine) after us. Naming such an important body part after us shows that they like us more."

The cat smiles and says, "You are really not going to win this one, you know."

There was this one nurse that just drove me crazy. Every time she came in, she would talk to me like I was a little child. She would say in a patronizing tone of voice, "And how are we doing this morning?" Or "Are we ready for a bath?" Or "Are we hungry?"

I had had enough of this particular nurse. One day at breakfast, I took the apple juice off the tray and put it in my bedside stand. Later I was given a urine sample bottle to fill for testing. So you know where the juice went!

The nurse came in a while later, picked up the urine sample bottle, looked at it and said, "My, my, it seems we are a little cloudy today."

At this, I snatched the bottle out of her hand, popped off the top, and gulped it down, saying, "Well, I'll run it through again. Maybe I can filter it better this time!"

The nurse has been reassigned!

May your July 4th fireworks cause less personal injury than your July 4th alcohol consumption.

I don't want to brag about my financial responsibility, but every month my credit card issuer tells me my unpaid balance is outstanding.

Forget frying an egg on the sidewalk, it's not Florida hot until your kayak melts in the sun

You can have my fireworks when you pry them from my cold, dead fingers, which are right over there by the sidewalk.
