

Coco'Nut' Funnies

I wonder if my recorded call has ever been used for training or quality purposes.

I find it ironic that the colors red, white & blue stand for freedom until they're flashing behind you.

I went to a mixed religious convention today...

The Christian priest held my hand and said, "By the will of Jesus Christ, you will walk today."

I smiled, "I'm not paralyzed."

Then the Rabbi took my hand and said, "By the will of God Almighty, you will walk today."

Again, I said, "I'm fine, really."

Then the Buddhist monk said, "By the will of Buddha, you will walk today."

I rolled my eyes.

After the service... I went outside and saw my car had been stolen.

Once you are able to find humor in any situation, you've either reached enlightenment or you're just a little unhinged.

If you put dry teabags in shoes they absorb the odor. So your shoes smell good but the tea tastes so bad it's almost not worth it

WHY AM I THE ONLY NAKED PERSON AT THIS GENDER REVEAL PARTY

My wife, Judy, had been after me for weeks to varnish the wooden toilet seat. finally got around to doing it one afternoon while she was out. After finishing, I left to run an errand before she got home.

A little later, Judy came in, got undressed to take a shower, and before stepping in, sat down on the toilet. A second later, she discovered the problem: the not-quite-dry varnish had glued her firmly to the seat.

I got home just in time to hear her yelling for help. We pushed, we pulled... nothing. She was stuck solid. At last, in desperation, I unbolted the entire toilet seat. Judy wrapped herself in a sheet, seat still attached, and I drove her to the emergency room.

The doctor got her positioned so he could examine the situation (just imagine the scene...). Trying to ease the embarrassment, Judy said, "Well, Doc, I'll bet you've never seen anything like this before." The doctor smiled and said:

"Actually, ma'am... I've seen plenty of them. I've just never seen one mounted and framed."

Stop naming hospitals after dead people, give us some hope. Like, where's the Keith Richards Memorial Hospital?

"I like your name" Thank you, it was a birthday present

I'd like to have kids one day... but no longer that that.

Dave and Pete were a couple of drinking buddies who worked as aircraft engineers in New York.

One day, the airport was fogged in, and they were stuck in the hangar with nothing to do.

Dave said, "Man, I wish we had something to drink!"

Pete replied, "Me too. You know, I've heard you can drink jet fuel and get a buzz. Wanna try it?"

So, they pour a couple of glasses of high-octane goodness... and get completely smashed.

The next morning, Dave wakes up and feels surprisingly amazing — no hangover, no side effects, nothing!

Then the phone rings. It's Pete.

Pete: "Hey man, how do you feel this morning?"

Dave: "I feel great! How about you?"

Pete: "Same! That jet fuel is brilliant stuff — no hangover at all! We should do this more often."

Dave: "Absolutely. Best idea ever."

Pete: "Yeah... but just one thing..."

Dave: "What's that?"

Pete: "Have you farted yet?"

Dave: "No, why?"

Pete: "DON'T. I'm in Canada."

I was telling my sister that I've been going to the gym recently and my nephew said "you should go inside when you get there" and I don't think I'll ever recover from that.

I SURVIVED THE FLORIDA EARTHQUAKE JUNE 8, 2026

Two friends who worked together at a Kmart in Kentucky were talking during their break. One exclaims to the other that they just got in a shipment of a new jelly. The second friend gets all excited and picks up a loaf of bread and starts looking for the jelly to spread it on the bread to try it.

After searching through out all the jars of jelly she couldn't find this new jelly. She asked her friend where is this new Kentucky jelly? The friend bowls over laughing and when she finally regains her composure she explains, "It's not Kentucky jelly it's KY jelly."

I just learned there's a little island near Italy with 5 million Sicillian people. That's officially the largest number I've ever heard in my life.
